

Round End canopy measurements

NOTE: canvas part #s are sized according to length of canopy frame and beam of lift. Actual measurements are shown below.

Inside to inside width of lift (the second number in the part #) see figure A	84"	96"	100"	108"	114"	120"
outside to outside width of canopy frame (fig. B)	89"	101"	105"	113"	119"	125"

these measurements should line up together. If they don't, check canopy legs and send pictures before ordering

Length of canopy side frame (fig. B)	15'	16'	18'	20'	21'	24'
*canopy ends will add 3' 4" to overall length						
Actual overall length of canopy frame with ends	18' 4"	19' 4"	21' 4"	23' 4"	24' 4"	27' 7"
Size designation (the first number in the part #)	18	19	21	23	24	27
